

Ariail Family Tree

BOOK 5.

This is the research that has been completed as of Dec 2018. We know for certain that the father of ***Mathieu Ariail (1) was ***Francois Ariail and his mother was Mathurine Cornu. We believe the father of ***Francois Ariail was ***Jean (John) Ariail and mother to be Francoise Brunier. Still looking at records and can make corrections if necessary. The reason for this assumption is that ***Jean Ariail and Francoise Brunier named one of their sons Herve Ariail, bap. 22 Aug 1626, and the name Herve Ariail is used down through this line of the family and has been found in no other line of the family. So here goes. Documentation comes from www.culture.cg44.fr and www.archives49.fr. The ancestors of all the Ariail Family living in the U.S. and Ariail in Canada are marked with **ORANGE*****. There are some Ariail Families living in the U.S., especially Hawaii, who came from Portugal. This is not surprising, as we believe the Family name Ariail to be Hebrew in origin, migrating at some point to perhaps Spain and then to France and North America by way of Canada and Portugal. Nationality portions of U.S. Census reports support this stand.

You should note that there are several lines of the Ariail family in France, each one dating back to the early 1600's. As of this date, we have not been able to tie all of them together, but we do know that there was a Martin Ariail, born in the early 1500's who could be a common ancestor for many of these lines. It will take years of research to attempt to tie all this together, but wanted to get what we have found concerning the descendents of ***Mathieu Ariail in the Family Web Site so all will have access to the data. We have not found all the descendents within our own line and changes will have to be made at a later date if we can ever complete the research. It should be noted that not all children are listed for each family because the families moved around from Parish to Parish and not all records have been located as of this date.

The Ariail Archives are in possession of literally thousands of additional Ariail family records from France, which include their descendants, that are not included in the below family tree. From time to time updates can be made as more information becomes available and connections to different family lines are established.

Warning: The data contained within this family tree is compiled by researchers utilizing materials accumulated from many sources. No guarantee is made to its accuracy, and anyone utilizing the information bears the sole responsibility for the use thereof.

No vitals or given names will be furnished for persons born after 1918, unless they are deceased. Obituaries and cemeteries where buried for many family members are contained within different documents of the AriailFamily Web Site. For records obtained from France and Canada, the birth date is often the actual baptismal date for the individual.

We would like to gratefully acknowledge all the family members, in Canada, France and the United States who have assisted us in the accumulation of the data to construct this family tree. As you can readily see, there are perhaps thousands of members not listed because we have not been able to obtain the information. Anyone who are a part of the family and desiring that their ancestors/descendants be listed, should forward the information to the officers of the Ariail Reunion Association in order that their branch of the family can be included. Thank you, Keith Ariail, President of Ariail Family Reunion Association.
